#### Independent Auditor's Report

To the Board of Trustees Grundy Center Municipal Utilities

I have audited the accompanying financial statements, listed as exhibits in the table of contents of this report, of the Grundy Center Municipal Utilities as of and for the year ended June 30, 2007. These financial statements are the responsibility of the Grundy Center Municipal Utilities' management. My responsibility is to express an opinion on these financial statements based on my audit. The municipal utilities are a component unit of the City of Grundy Center, Iowa. The City is audited separately.

I conducted my audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards and provisions require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

As described in Note 1, these financial statements were prepared on the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

In my opinion, the aforementioned financial statements present fairly, in all material respects, the results of the cash transactions of the funds of the Grundy Center Municipal Utilities as of and for the year ended June 30, 2007, and its indebtedness at June 30, 2007, on the basis of accounting described in Note 1.

In accordance with Government Auditing Standards, I have also issued my report dated October 15, 2007 on my consideration of the Grundy Center Municipal Utilities' internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of my audit.

Management's Discussion and Analysis and budgetary comparison information on pages 4 through 6 and 17 through 18 are not required parts of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. I applied limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. I did not audit the information and express no opinion on it.

My audit was made for the purpose of forming an opinion on the financial statements taken as a whole. I previously audited, in accordance with the standards referred to in the second paragraph of this report, the financial statements for the year ended June 30, 2006 (none of which are presented herein) and expressed an unqualified opinion on those cash basis financial statements. The supplemental information included in Schedules 1 through 10 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in my audit of the aforementioned financial statements and, in my opinion, is fairly stated in all material respects in relation to the aforementioned financial statements taken as a whole.

Keith Oltrogge

Certified Public Accountant

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

Grundy Center Municipal Utilities provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2007. We encourage readers to consider this information in conjunction with the Utilities' financial statements, which follow.

#### 2007 FINANCIAL HIGHLIGHTS

- Revenues of the Utilities' business type activities decreased 2%, or approximately \$63,000 from fiscal 2006 to fiscal 2007.
- Disbursements increased 5%, or approximately \$170,000, in fiscal 2007 from fiscal 2006.
- The Utilities' total cash basis net assets increased 5%, or approximately \$378,000 from June 30, 2006 to June 30, 2007.

#### USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements and other information as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the Utilities' financial activities.

The Enterprise Fund Financial Statements tell how governmental services were financed in the short term as well as what remains for future spending. Enterprise Fund financial statements report the Utilities' operations in detail.

Notes to financial statements provide additional information essential to a full understanding of the data provided in the basic financial statements.

Required Supplementary Information further explains and supports the financial statements with a comparison of the Utilities' budget for the year.

Other Supplementary Information provides detailed information about each Enterprise Fund.

#### **Basis of Accounting**

The Utilities maintain their financial records on the basis of cash receipts and disbursements and the financial statements of the Utilities are prepared on that basis. The cash basis of accounting does not give effect to accounts receivable, accounts payable and accrued items. Accordingly, the financial statements do not present financial position and results of operations of the funds in accordance with U.S. generally accepted accounting principles. Therefore, when reviewing the financial information and discussion within this annual report, the reader should keep in mind the limitations resulting from the use of the cash basis of accounting.

#### REPORTING THE UTILITIES' FINANCIAL ACTIVITIES

Proprietary funds account for the Utilities' Enterprise Funds. Enterprise Funds are used to report business type activities. The Utilities maintain seven Enterprise Funds to provide separate information for the water, sewer and communications funds.

The required financial statements for proprietary funds include a statement of cash receipts, disbursements and changes in cash balances.

#### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

Net assets may serve over time as a useful indicator of financial position. The Utilities' cash balance increased from a year ago, increasing from \$6.500 million to \$6.900 million. The analysis that follows focuses on the changes in cash balances.

#### Changes in Cash Basis Net Assets

	Year Ended June 30,			
	<del></del>	2007		2006
Receipts and Transfers: Program Receipts: Charges for service	\$	3,089,239	\$	3,237,371
General receipts: Unrestricted investment earnings Other general receipts		344,002 320,922	,,	202,617 377,161
Total Receipts	\$	3,754,163	\$	3,817,149
Disbursements	_\$	3,375,761	\$	3,206,728

Change in Cash Balance of Business Type Activities (page 8)	\$ 378,402

### NOTES TO FINANCIAL STATEMENTS June 30, 2007

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Reporting Entity

The Grundy Center Municipal Utilities is a city municipal utility for the City of Grundy Center, Iowa. It has a separate governing body, the Board of Trustees, who are appointed for staggered six-year terms by the Mayor and approved by the City Council. The Department maintains its own system of books, records and accounts apart from the City. The City is audited separately.

#### B. Basis of Presentation

Government-wide Financial Statements-The Statement of Activities and Net Assets reports information on all of the non-fiduciary activities of the Utilities. For the most part, the effect of inter-fund activity has been removed from this statement. Business type activities, which rely to a significant extent on fees and charges for services are reported separately.

The Statement of Activities and Net Assets presents the Utilities' non-fiduciary net assets. Net assets are reported in two categories:

Restricted net assets result when constraints placed on net asset use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net assets consist of net assets that do not meet the definition of the preceding category. Unrestricted net assets often have constraints on resources imposed by management, which can be removed or modified.

The Statement of Activities and Net Assets demonstrates the degree to which the direct disbursements of a given function are offset by program receipts. Direct disbursements are those clearly identifiable with a specific function. Program receipts include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function and 2) grants, contributions and interest on investments restricted to meeting the operational or capital requirements of a particular function.

<u>Fund Financial Statements</u>-Separate financial statements are provided for the proprietary funds. Major individual enterprise funds are reported as separate columns in the fund financial statements.

The utilities reports the following major proprietary funds:

Operating and Maintenance Account – The Operating and Maintenance Account is the general operating account. All user fees and other receipts that are not allocated to some other account are recorded in this account. Items paid from this account include general operating expenses, fixed charges and capital improvement costs that are not paid through other accounts.

#### NOTES TO FINANCIAL STATEMENTS June 30, 2007

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Sinking Fund Account – The Sinking Fund Account records the payment of interest and principal on the Department's long-term debt.

<u>Improvement Account</u> – This account is for purchases of major capital improvements.

<u>Power Source Account</u> – The Power Source Account is established to accumulate funds to secure an interest in available power from another supply source for future needs of the City.

<u>Consumers' Deposit Account</u> – The Consumers' Deposit Account is utilized to account for consumer deposits received and refunded.

<u>Reserve Account</u> – The purpose of this account is to retain cash reserves for debt service. It is a backup to the Sinking Fund Account, thus ensuring payment of long-term debt.

<u>Communications Account</u> – The Department offers internet, cable TV and telecommunications service to utility customers that desire it. This account was established to record user fees received and operating expenses and capital improvements costs incurred.

#### Measurement Focus and Basis of Accounting

The Grundy Center Municipal Utilities maintains its financial records on the basis of cash receipts and disbursements, and the financial statements of the Department are prepared on that basis. The cash basis of accounting does not give effect to accounts receivable, accounts payable and accrued items. Accordingly, the financial statements do not present the financial position and the results of operations of the Enterprise Fund in accordance with U.S. generally accepted accounting principles.

Proprietary funds distinguish operating receipts and disbursements from non-operating items. Operating receipts and disbursements generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All receipts and disbursements not meeting this definition are reported as non-operating receipts and disbursements.

#### D. <u>Budgets and Budgetary Accounting</u>

The budgetary comparison and related disclosures are reported as Required Supplementary Information.

#### NOTES TO THE FINANCIAL STATEMENTS June 30, 2007

#### NOTE 2 - CASH AND POOLED INVESTMENTS

The Department's deposits at June 30, 2007 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The Department is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Trustees; prime eligible bankers acceptances; certain high-rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

The Department's investments are categorized to give an indication of the level of risk assumed by the Department at year end. The Department's investments are all Category 1, which means that the investments are insured or registered, or the securities are held by the Department or its agent in the Department's name. The Department's investments at June 30, 2007 are as follows:

	Carrying	Fair	
Type	Amount	<u>Value</u>	<b>Maturity</b>
North Iowa Municipal Electric Cooperative	\$120,000	\$120,000	Indefinite

In addition, the Department had investments in the Iowa Public Agency Investment Trust, which are valued at an amortized cost of \$310,019 pursuant to Rule 2a-7 under the Investment Company Act of 1940.

<u>Interest rate risk</u> – The Department's investment policy limits the investment of operating funds (funds expected to be expended in the current budget year or within 15 months of receipt) in instruments that mature within 397 days. The Department requests bids before it makes an investment.

<u>Credit risk</u> – The Department's investment in the Iowa Public Agency Investment Trust is un-rated.

## NOTES TO FINANCIAL STATEMENTS June 30, 2007

#### NOTE 3 – BONDS AND NOTES PAYABLE

Annual debt service requirements to maturity for general obligation bonds, urban renewal tax increment financing revenue bonds and revenue notes are as follows:

	Keven	CC TAC	1162
Year Ending June 30,	Principal		Interest
2008	\$ 230,000	\$	88,567
2009	235,000	)	76,985
2010	250,000	)	65,043
2011	265,000	)	52,092
2012	275,000	)	38,215
2013	295,000	)	23,695
2014	65,000	)	7,963
2015	65,000	)	3,998
Total	\$ 1,680,000	\$	356,558
A C 1861			

The Electric Revenue Capital Loan Notes and the Telecommunications Revenue Capital Loan Notes are not general obligation notes, nor are they payable in any manner by taxation. They are payable solely and only from the net earnings of the utilities' receipts. The bank holds first lien on the future net revenues of the system. The City of Grundy Center is not liable by reason of the failure of the net revenues to be sufficient for the payment of the notes.

The Electric Revenue Capital Loan Notes are composed of 511 individual notes of \$5,000 each. Interest payments are made semi-annually and principal payments are made yearly.

The Telecommunications Revenue Capital Loan Notes are composed of 140 individual notes of \$5,000 each. Interest payments are made semi-annually and principal payments are made yearly.

#### **NOTE 4 – OTHER OBLIGATIONS**

The Communications Fund owes the Operating and Maintenance Fund \$675,000. Interest of \$2,954.81 per month is being paid. The interest rate is 5%. The principal paid during the current fiscal year was \$34,154.

### NOTES TO FINANCIAL STATEMENTS June 30, 2007

#### NOTE 5 - PENSION AND RETIREMENT BENEFITS

The Department contributes to the Iowa Public Employees Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits, which are established by State statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines IA 50306-9117.

Plan members are required to contribute 3.70% of their annual salary, and the Department is required to contribute 5.75% of annual covered payroll. Contribution requirements are established by State statute. The Department's contribution to IPERS for the years ended June 30, 2007 and 2006 were \$24,283 and \$23,842, respectively, equal to the required contributions for each year.

#### **NOTE 6 – COMPENSATED ABSENCES**

City employees accumulate a limited amount of earned but unused vacation and sick leave hours for subsequent use or for payment upon termination, retirement or death. These accumulations are not recognized as disbursements by the Department until used or paid. The Department's approximate liability for earned vacation and sick leave termination payments payable to employees at June 30, 2007, primarily relating to the operating and management account, is as follows:

Type of Benefit	Amount
Vacation	\$ 17,089
Sick leave	7,346
Total	\$ 24,435

This liability has been computed based on rates of pay as of June 30, 2007.

#### **NOTE 7 – OTHER INVESTMENTS**

The Department is a member of the North Iowa Municipal Electric Cooperative Association (NIMECA), which uses Corn Belt Power Cooperative of Humboldt, Iowa as a power supply source. NIMECA's desire is to obtain long-term transmission and generation of electric power from a common transmission system to benefit the member utilities. The Department has the following investments with NIMECA and Corn Belt:

a. In 1983, NIMECA required a cash member advance from the Department in the amount of \$120,000. The cash advance earns interest and surplus and credits from NIMECA. The Department's share of the fund's accrued earnings for the current fiscal year amounted to \$19,070. These accrued earnings are not reflected in the Department's cash basis receipts. During the year, \$8,503 was repaid to this fund (see (b) below). At June 30, 2007, the Department's member advance investment balance with NIMECA was \$457,361.

### NOTES TO FINANCIAL STATEMENTS June 30, 2007

#### NOTE 7 - OTHER INVESTMENTS (continued)

b. In 1991, the Department entered into an agreement for the "lease/purchase" from Corn Belt of an interest in electrical generation and transmission facilities. On July 10, 1991, \$1,634,480 was paid to Corn Belt for a .3333% interest in the Neal #4 generating plant and a .4% interest in the Lehigh-Webster transmission facilities.

As part of its cost of purchased power, the Department pays its proportionate share of the expenses (fuel, operations, maintenance, etc.) of the generation and transmission facilities for the life of these facilities, which is the term of this agreement. Should the Department default on its payments, Corn Belt can terminate the agreement and pay back to the Department the depreciated value of the facilities.

Production and transmission capital improvement funds have been established through NIMECA for improvements and expansion of the facilities. The Department paid \$97,463 into these funds as part of its cash disbursements for purchased power during the current year.

The Department's accrued share of the system's improvement costs was \$4,490. The Department's share of the funds' accrued interest earnings for the current year amounted to \$20,535. These accruals are not reflected in the current year's cash basis receipts or disbursements.

As indicated in (a) above, \$8,503 was repaid to the member advance fund. The balance in the production and transmission capital improvement funds at June 30, 2007 is \$788,197.

c. The Department also has accumulated deferred patronage dividends of \$38,601 through its participation with NIMECA and Corn Belt. These accrued deferred patronage dividends are not reflected in the current year's cash basis receipts. During the current fiscal year, Corn Belt paid deferred patronage dividends of \$5,890 to the Department.

#### **NOTE 8 – RISK MANAGEMENT**

The Department is exposed to various risks of loss related to torts; theft, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risk are covered by the purchase of commercial insurance. The Department assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

#### NOTES TO FINANCIAL STATEMENTS June 30, 2007

#### NOTE 9 - RELATED PARTY TRANSACTIONS

The City of Grundy Center pays the Department monthly fees for electricity and telephone. During the current fiscal year, the City of Grundy Center paid \$91,076.

The Department purchased a 2005 Chevy Malibu automobile from the utilities manager, Edward Ayers, for \$11,650.

#### **NOTE 10 - CONTINGENCIES**

Accounts receivable totaling \$160,290 from the Department utility customers are currently due. \$125,660, or 78%, of that total is over ninety days past due.

#### **NOTE 11 – INTERFUND TRANSFERS**

The detail of inter-fund transfers for the year ended June 30, 2007 is as follows:

Transfer To	Transfer From	Amount
Sinking Fund	Improvement Fund	\$ 245,610
Sinking Fund	Communications Fund	 73,878
		\$ 319,488
Communications Fund	O & M Fund	\$ 67
Improvement Fund	O & M Fund	300,000
O & M Fund	Communications Fund	34,155
		\$ 334,222
Total		\$ 653,710

Transfers generally move resources from the fund statutorily required to collect the resources to the fund statutorily required to disburse the resources.

#### **NOTE 12 – COMMITMENTS**

The Department has committed to give the Grundy Center Development Corporation \$25,000 per year for the next three years. The first payment was made in September 2007.

REQUIRED SUPPLEMENTARY INFORMATION

# Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Grundy Center Municipal Utilities Grundy Center, Iowa

To the Board of Trustees:

In planning and performing my audit of the financial statements of the business-type activities, of Grundy Center Municipal Utilities as of and for the year ended June 30, 2007, in accordance with auditing standards generally accepted in the United States of America, I considered Grundy Center Municipal Utilities' internal control over financial reporting (internal control) as a basis for designing my auditing procedures for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Grundy Center Municipal Utilities' internal control. Accordingly, I do not express an opinion on the effectiveness of Grundy Center Municipal Utilities' internal control.

My consideration of internal control was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. However, as discussed below, I identified a deficiency in internal control that I consider to be a significant deficiency and that I consider to be a material weakness.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or a combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with U.S. generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control. I consider the deficiencies in internal control described in Part I of the accompanying Schedule of Findings to be significant deficiencies in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood a material misstatement of the financial statements will not be prevented or detected by Grundy Center Municipal Utilities' internal control.

My consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, of the significant deficiencies described above, I believe item 07-I-A is a material weakness.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Department's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations and contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instances of non-compliance that are required to be reported under Government Auditing Standards.

Comments involving statutory and other legal matters about the Department's operations for the year ended June 30, 2007 are based exclusively on knowledge obtained from procedures performed during my audit of the financial statements of the Department. Since my audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes. Prior year statutory comments have been resolved, except for items 07-II-D and 07-II-G.

This report, a public record by law, is intended solely for the information and use of the officials, employees and customers of the Grundy Center Municipal Utilities and other parties to whom the Grundy Center Municipal Utilities may report. This report is not intended to be and should not be used by anyone other than these specified parties.

I would like to acknowledge the many courtesies and assistance extended to me by personnel of the Department during the course of my audit. Should you have any questions concerning any of the above matters, I shall be pleased to discuss them with you at your convenience. 

Keith Oltrogge

Certified Public Accountant

October 15, 2007

#### SCHEDULE OF FINDINGS Year Ended June 30, 2007

#### Part I: Findings Related to the Financial Statements:

#### INSTANCES OF NON-COMPLIANCE:

No matters were noted.

#### SIGNIFICANT DEFICIENCIES:

O7-I-A Segregation of Duties-One important aspect of internal control is the segregation of duties among employees to prevent an individual employee from handling duties which are incompatible. The cash receipts listing, bank deposits and the posting of the cash receipts to the cash receipts journal are all done by the same person.

<u>Recommendation</u>-I realize that with a limited number of office employees, segregation of duties is difficult. However, the Department should review its control procedures to obtain the maximum internal control possible under the circumstances.

Response-We will continue to monitor this.

<u>Conclusion</u>-Response acknowledged. The Department should continue to segregate duties to the extent possible with existing personnel and utilize the Board of Trustees to provide additional control through review of financial transactions and reports.

#### Part II: Other Findings Related to Statutory Reporting:

- Official <u>Depositories</u>-A resolution naming official depositories has been adopted by the Board of Trustees. The maximum deposit amounts stated in the resolution were not exceeded during the year ending June 30, 2007.
- 07-II-B <u>Certified Budget</u>-Disbursements during the year ended June 30, 2007 did not exceed the amounts budgeted.
- 07-II-C <u>Questionable Disbursements</u>-I noted no disbursements that would not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979.

07-II-D <u>Travel Expense-Disbursements of Department money for travel expenses of spouses of Department officials to a national convention were noted.</u>

<u>Recommendation</u>-The Department should review and update its procedures to ensure reimbursement is received for travel expenses of spouses of Department officials or employees, unless a business purpose can be documented.

Response-We will change our procedures to document the purpose of these trips in the future.

Conclusion-Response acknowledged.

07-II-E <u>Business Transactions</u>- The following business transactions between the Department and Department officials or employees are reported:

Name, Title & Business Connection	Transaction Description	Amount
Edwards Ayers, Utilities Manager	Automobile	\$11,650

In accordance with an Attorney General's opinion dated November 9, 1976, the above transaction does not appear to represent a conflict of interest.

- 07-II-F Bond Coverage-Surety bond coverage of Department officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to insure that the coverage is adequate for current operations.
- 07-II-G <u>Board Minutes</u>-No transactions were found that I believe should have been approved in the Board minutes but were not.

Although minutes of Board proceedings were published, they were not always published within fifteen days as required by Chapter 372.13(6) of the Code of Iowa. Also, the minutes did not include the purpose of the expenditure, a total for the expenditures from each fund, and a summary of all receipts. Also, salaries were not published.

Recommendation-The Department should publish minutes and salaries as required.

Response-We will publish minutes and salaries as required.

<u>Conclusion</u>-Response accepted.

- 07-II-H Deposits and Investments-No instances of non-compliance with the deposit and investment provisions of Chapter 12B and 12C of the Code of Iowa and the Department's investment policy were noted.
- 07-II-I Revenue Bonds and Notes-The Department has complied with the revenue bond and note resolutions.
- 07-II-J <u>Telecommunication Services</u> No instances of non-compliance with Chapter 388.10 of the Code of Iowa were noted.
